

15.6" WIDESCREEN LED TV

MODEL NO.: SC-1520VTV

USER MANUAL

Please read this manual carefully before using,
and keep it for future reference.

IMPORTANT INSTRUCTIONS

SAFETY INSTRUCTIONS

WARNING – TO REDUCE THE RISK OF FIRE, ELECTRIC SHOCK, OR SERIOUS PERSONAL INJURY:

- This product shall not be exposed to dripping or splashing and that no objects filled with liquids, such as vases, shall be placed on the apparatus.
- Situate this product away from heat sources such as radiators, heat registers, stoves, or other appliances (including amplifiers) that produce heat.
- Clean the product only as recommended by the manufacturer (see “Maintenance” section for details). Unplug the power cord from the wall outlet before cleaning,
- Unplug the power plug from the wall outlet when left unused for an extended period.
- Prevent objects/liquids from falling or spilled on the product.
- Operate the product only with the supplied power cord. Route power cords so they are not likely to be walked on or pinched by items placed upon or against them, paying particular attention to plugs, convenience receptacles, and the point where they exit from the product.
- Where the MAINS plug or an appliance coupler is used as the disconnect device, the disconnect device shall remain readily operable.
- Do not operate this product under the following conditions.
 - When the power-supply cord or plug is damaged.
 - If liquid has been spilled into or objects have fallen into the product.
 - If the product has been exposed to rain or water.
 - If the product does not operate when used according to the operating instructions.
 - If the product has been dropped or damaged in any way.
- Do not attempt to service the product; take it to the electronics repair shop of your choice for any servicing or repair.
- Do not overload wall outlets, extension cords, or integral convenience receptacles.

- Connect this product to the power outlet which has protective earth connection.

**CAUTION- TO REDUCE THE RISK OR PERSONAL INJURY OR
PRODUCT/PROPERTY DAMAGE:**

- This product is intended solely for non-commercial, non-industrial, personal use as a television. Do not use this product for any other purpose.
- Do not subject the product to violent shocks, extreme temperatures, or lengthy periods of direct sunlight.
- Keep the product away from magnetic objects, motors, and transformers.
- Do not use outdoors in inclement weather.
- Do not use the TV while driving; this is dangerous and is illegal in some areas.

At full volume, prolonged listening to the portable audio device may damage the user’s hearing.

BATTERY HANDLING AND USAGE:

- Keep batteries away from children and pets. Only adults should handle batteries.
- Never throw batteries into a fire or expose them to fire or other heat sources.
- Follow the battery safety and usage instructions.

- 20** **SPORTS**
Press to enter the sport programme directly.
- 21** **DEEZER**
Press to enter the deezer directly.
- 22** **Content area**
Six buttons for CSP Apps.

Note: The marks and positions of remote control may vary depending on the model.

REMOTE CONTROL PREPARATION

BATTERY INSTALLATION

Install the batteries as the following pictures. Be sure + and – terminals are positioned as indicated in the battery compartment (Fig1).

SERVICE LIFE OF BATTERIES

- The batteries normally last for one year although this depends on how often the remote control is used.
- If the remote control fails to work even when it is operated near the player, replace the batteries.
- Use two size AAA dry batteries.

NOTE:

- Do not drop, step on or otherwise impact the remote control. This may damage the parts or lead to malfunction.
- If the remote control is not going to be used for a long time, remove the batteries.

REMOTE CONTROL OPERATION

Point the remote control from no more than about 6m from the remote control sensor and within about 60° of the front of the player (Fig2).

NOTES:

- The operating distance may vary according to the brightness of the room.
- Do not point bright light at remote control sensor.
- Do not place objects between the remote control and the remote control sensor.
- Do not use this remote control while simultaneously operating the remote control of any other equipments.

Fig1

Fig2

BASIC CONNECTION

- Ensure all the cables are disconnected from the main unit before connecting to AC power source.
- Read through the instructions before connecting other equipments.

CONNECTING TO AC POWER SOURCE

CONNECT EXTERNAL ANTENNA TO UNIT

Install external antenna into antenna jack for best picture.

HDMI CONNECTION

EARPHONE CONNECTION

USB CONNECTION

COMPOSITE AV (CVBS) CONNECTION

OPTICAL CONNECTION

Use OPTICAL cable (not included) to connect the unit with amplifier or other audio decoding devices for coaxial audio signal output.

LAN (Local Area Network) Connection

Use a LAN cable (not included) to connect this TV with available network.

MAKE SURE ALL THE EQUIPMENTS AND POWER PLUG ARE CONNECTED PROPERLY AND THE UNIT IS SET IN CORRECT MODE BEFORE OPERATING.

BASIC OPERATIONS

- Press *STANDBY* button on the unit or remote control to power *ON* the unit (indicator will glow blue); press it again to power *OFF* (standby mode) the unit (indicator will glow red).

SELECT DESIRED PROGRAM

1. Press CH+ button to play next channel.
2. Press CH- button to play previous channel.
3. Press number buttons on remote control directly to select desired program.

VOLUME CONTROL

- Press VOL+ or VOL- to adjust the level of current volume.
- Available range: 0-100.

MUTE CONTROL

- Press MUTE button to mute the sound, press it again to turn on the sound.

SOURCE SETTING

- Press INPUT button on the remote control to display the sources list.
- Press navigation buttons to select desired input source, and then press OK button to confirm selection.

INFORMATION DISPLAY

- Press UP navigation button on remote control to display information of current program.

MEDIA PLAYBACK

- Insert a USB memory device into USB slot before following operations.
- Press INPUT button on remote control to switch the unit to USB mode.
- Press UP/DOWN/LEFT/RIGHT navigation button to move the cursor.
- Press BACK button to return to previous menu page.

LIVE TV

Channel Scan

Auto Channel Scan

 > **Settings** > **Channel** > **Auto Scan**

Note:

Before you select Automatic Scan, you can press

 > **Settings** > **Channel** > **Tuner Mode**,
press **OK** button into the sub-menu, select
Antenna or **Cable**.

Channel List

- Display the channel list
- In Live TV, press  button on the remote control to display the channel list menu.

Favorite

Adding channels to your 'Favorites' list

- Press **OK** button to call out the channel list, the channel list appears on the right side of the screen.
- Press **Menu** button and Navigation button to select your favorite channel; Press **OK** button to confirm.
- Press **Left Arrow** and Choose Add to Favorite; press OK button and a heart-shaped icon will appear next to your favorite channel.

Viewing your 'Favorites' list

- Press **OK** to call out the channel list, the channel list appears on the right side of the screen.
- Press Navigation buttons to select Favorite icon and press OK button to confirm, then your favorite channel with a heart-shaped icon will appear on the favorite list.

Deleting channels from your 'Favorite' list

- Press **OK** to call out the channel list, the channel list appears on the right side of the screen.
- Press **>** > Favorite, then press **OK** > **<** to enter the Favorite list.
- Press **≡** and Navigation button to choose the desired channel, then press **<** to choose Delete Fav. Channel and OK button to delete the selected channel.

Note:

These steps should be operated under TV inputs.

Before you edit the favorite lists, complete channel scan first.

CONNECTION

Wired LAN

Connecting to the Internet

 > Settings > Network > Network Configuration

You set the TV network by selecting Configuration and press the  button to enter the sub-menu.

Automatically obtain an IP address

1. If you connect to the wired network, the TV will automatically obtain an IP address and connect to the network.
2. If the connection fails, disconnected message will display for the Ethernet status. Retry or enter the IP settings, and select Manual to input the information again.

Manually enter the IP address

1. Enter the IP settings to select Manual.
2. Enter the IP Address, Netmask, Gateway, DNS Server 1 and DNS Server 2 in the menu.

Note:

You get access to the Internet through your TV.

The default option of IP Settings Mode is DHCP.

Wireless

Connecting to the Internet

Note:

You get access to the Internet through your TV.
Connect to an available wireless network.
Make sure that you have the wireless router's SSID and password before attempting to connect.

Connecting to a Wireless Network

 > **Settings** > **Network** > **Network Configuration**

You set the TV network by selecting Configuration and press the  button to enter the submenu.

Connection Type

Choose a wireless network connection to access the Internet.

Refresh

Refresh wireless network.

Advanced Settings

Configure the advanced wireless network settings for the TV.

Add

You can add wireless network.

How to connect to WIFI network?

In Network Configuration menu page.

Press navigation button to select the desired wireless router of list below, and press OK button to call out the password box. After input the password, press navigation button to highlight the “Left Arrow” and press OK button to confirm. There is “ ” showing on the right of wireless router means the WIFI connected successfully.

Note:

If no wireless router is found, select **Add** and enter the network name in the SSID.

If no wireless router is found, select **Refresh**.

HDMI-CEC

You can use your TV remote to control the external devices that are connected to the TV by HDMI cable. The external devices need to support HDMI & CEC Function (HDMI-CEC).

Connecting an external device through HDMI-CEC Function  >

Settings > System > HDMI-CEC

1. Set **CEC control** to On.

2. Connect an HDMI-CEC-compliant device to the TV.
3. Turn on the connected external device. The device is automatically connected to the TV. After connection is finished, you can access the menu of the connected device on your TV screen using your TV remote and control the device.

Note:

HDMI cables must be used to connect HDMI CEC-compatible devices to your TV. The HDMI CEC feature of the connected device must be turned on.

If you connect an HDMI device that is not HDMI CEC-compatible, all the HDMI-CEC control features do not work.

Depending on the connected HDMI device, the HDMI-CEC Control feature may not work.

HDMI Device

Connect an HDMI cable from an external A/V equipment.

Some devices such as DVD player require HDMI signal to be set to output in the device's settings. Please consult your device user manual for instructions.

Please note that the HDMI connector provides both video and audio signals, it's not necessary to connect an audio cable.

USB Device

Connect the USB devices such as hard drives, USB sticks and digital cameras for browsing photos, listening to music.

Support format: FAT32.

Multi-screen

Screen Sharing

Mirror content from your device to the TV.

INPUT > Screen Sharing

Turn on the casting function of your Android/Windows10 device.

Find the TV name in the searching list of your device and select it. Wait for the connection progress to complete and the content on your device will be displayed on the TV.

Note:

Some Android devices may not support casting.

Content Sharing

Share media content, like videos, music or photos, from your device to the TV screen.

Before you use this function, turn on Content Sharing at  > **Settings** > **System** > **Mobile Device Connection** > **Content Sharing**.

Establishing Content Sharing connection between the TV and your device

- Turn on the content sharing function of your device.
- Find the TV name in the searching list of your device and select it.
- Wait for the connection progress to complete, and select the content you want to share.

View media content of your device

Press INPUT button on your remote, and select a media content on the screen.

Note:

- Make sure our device and the TV are connected to the same network.
- Some devices may not support content sharing. If your device doesn't support content sharing, you can download an app that supports the function.
- If you want to mirror content from your device, go to **INPUT** > **Screen Sharing**.

Smart Functions

Media

Playing Media contents

 > **Media**

By default, there are **Content Sharing** displayed on the Media screen. If your mobile device is connected to the TV, its name also appears on the Media screen.

Note:

For more information about Content Sharing, refer to its detailed introduction.

 > **Media** > **connected device**

Select the content you want to play on the screen, like pictures, videos and music.

1. Input the content name you want to play.
2. Arrange the content list by **Grid**, **List**.
3. Arrange the content list by **Name**, **Date Modified**, **Size**.
4. Filter the content list by **All Media**, **Photo**, **Video**, **Music**.
5. Create a photo, music, or video playlist.

Playing background music during viewing pictures

You need to:

- Choose a picture to playback.
- Press **⏮** / **⏭** button to call out playbar.
- Select Background Music and choose your music to create a Music Playlist.
- Play the background music during viewing pictures.

Note:

The TV may be support the following file formats:

Medium	File Format
Video	.MP4, .MOV, .MPG, .MPEG, .FLV
Picture	.jpg, .BMP, .PNG, .GIF
Music	.MP3, .AAC, .wav

- For more information about connection to other device, refer to the detailed introduction of each part.

Home

Getting familiar with the Home screen

Run the TV more conveniently by selecting the corresponding sections.

Press  button to enter the Home Page.

Manage apps

Select the item you want to move, long press OK button on remote control to manage.

Download apps

In the HOME page, press navigation button to select “app store” and press OK button to enter the sub-page.

Select the desired app and press OK button to confirm. Highlight “Install” and press OK button to download the app.

VIDAA Account

Sign in your VIDAA account.

A VIDAA account gives you all the best feature of your smart TV and always keeps it up to date.

Search

Search the app you want.

Notifications

Allow pop-up notifications to appear for useful information and events that occur with your TV.

Select Notifications on the Home screen, and select Settings then display **Advertising, New Arrivals, Warnings And Legal Statements, System Message**, from which you can choose the types of notifications you would like to receive.

Inputs

Select the input you want.

Settings

Display the Settings menu.

Picture and Sound

Adjusting the Picture Quality

Adjust current picture mode to apply to all sources or just current source.

The menu is only for reference. The following modes may differ from the actual product.

Choosing a picture mode

 > Settings > Picture > Picture Mode

You can select the Picture Mode that provides the best viewing experience.

- Vivid
- Enhanced(ARC)
- Standard
- Energy Saving
- Theater Day
- Theater Night
- Sports

Choosing a Picture Size

 > **Settings** > **Picture** > **Picture Size**

You can adjust the picture aspect ratio based on the content you are watching.

- **Auto**
- **16:9**
- **4:3**
- **Movie Zoom**

Smart Scene

 > **Settings** > **Picture** > **Smart Scene**

Recognise the current scene and enhance the picture quality.

 > **Settings** > **Picture** > **Game Mode**

Optimised for PC or Games consoles. Reduces Input Lag and improves responsiveness. Choosing the Game Mode under ON/OFF

Configuring advanced picture settings

 > **Settings** > **Picture** > **Picture Mode Settings**

Adjust display setting for each Picture Mode.

- **Apply Picture Settings:** Adjust current picture mode to apply to all sources or just current source.
- **Backlight:** Adjust image backlight. (Optional: Off/Low/High).
- **Brightness** Adjust image brightness.
- **Contrast:** Adjust image contrast.
- **Color Saturation:** Adjust image color density.
- **Sharpness:** Adjust the image edge sharpness.
- **Adaptive Contrast:** Automatically adjust dark areas and light areas of the image to see more details. Press navigation button to select Off/Low/Medium/High.
- **Noise Reduction:** Improve the picture quality by reducing noise. (Optional: Off/Low/Medium/High).

> Settings > System > Advanced settings

Access the Advanced Settings menu.

Press  > **Settings > Support**

System Info

View System information.

Self Diagnosis

Perform self diagnosis to test sound, picture and connections.

E-Manual

Launch E-Manual and get to know more about your TV.

System Upgrade

Set your TV to receive the latest firmware.

Disclaimer and Privacy

Click to read our term and policy.

Mobile App Download

Install mobile app on your smartphone to control your TV. This app is available on both Android and iOS.

Reset to Factory Default

Reset your TV to the factory settings.

MAINTENANCE

- Be sure to press POWER button to set the player to the standby mode and disconnect the power plug before maintaining the player.
- Wipe the player with a dry, soft cloth.
- If the surface is extremely dirty, wipe clean with a cloth which has been dipped in a weak soap-water solution and wrung out thoroughly, and then wipe again with a dry cloth.
- Never use alcohol, benzene, thinner, cleaning fluid or other chemicals. And do not use compressed air to remove dust.

WALL MOUNTING

- Contact a professional for assistance when wall mounting your TV. We are not responsible for any damage to the product or injury to yourself, if you mount the TV on your own.
- Do not wall mount the TV while TV is turned on. It may cause personal injury due to electric shock.
- Use standard M4*8mm screws (4 pieces) to mount this TV.

Back of your TV

STAND INSTALLATION

Your TV is packaged with the Stand and the Cabinet separated. Before enjoying this TV, please carry out the Stand Installation according to the instructions below.

Step 1

Place the TV faced down on a soft cloth or cushion to prevent the panel from being damaged.

Step 2

Align the stand and the bottom of this TV.

Step 3

Attach the neck to the stand by inserting and snapping the tabs on the neck into the slots in the stand.

NOTES:

- Unplug the power plug first when installing or removing the TV Stand.
- To avoid any damage to this TV, contact one or more partner for assistance when installing or removing the TV stand.
